

If the following Program of Study is taken

Heating, Air Conditioning, Ventilation And Refrigeration Maintenance Technology/Technician 47.0201

High School Graduation Year: 2024

A program that prepares individuals to apply technical knowledge and skills to repair, install, service and maintain the operating condition of heating, air conditioning, and refrigeration systems. Includes instruction in diagnostic techniques, the use of testing equipment and the principles of mechanics, electricity, and electronics as they relate to the repair of heating, air conditioning and refrigeration systems.
