

**AFFILIATION FOR COLLISION REPAIR TECHNICAL EDUCATION
UNIVERSAL TECHNICAL INSTITUTE (UTI)**

Introduction

A Technical Education Affiliation formally recognizes that Universal Technical Institute (UTI) and the high school, secondary school, CTE or vocational center agree to work together to provide educational opportunities for currently enrolled and potential students of their institutions. Agreement to this alliance requires a commitment by both institutions to provide students with an opportunity for post-secondary education as well as increasing awareness of the importance of vocational education at the high school level.

Purpose

The intent of this affiliation for Collision Repair Technical Education Agreement is to provide the high school, secondary school, CTE or vocational center and the student with an opportunity to increase the recognition of their collision repair education while at the secondary level, and to motivate the student to continue their education at the post-secondary level. The purpose of this agreement is to formalize this affiliation.

This agreement will be in effect for five years from the date of execution. Termination of this agreement will occur if there is a loss of the Collision Repair training program at the high school, CTE or vocational center. The school must notify UTI within 30 days of the loss of the collision repair training program.

AFFILIATION FOR COLLISION REPAIR TECHNICAL EDUCATION UNIVERSAL TECHNICAL INSTITUTE (UTI)

TECHNICAL EDUCATION AFFILIATION Benefits and Features

- Add status for high schools or vocational centers by offering “advanced placement” Collision Repair courses.
- Provide top Collision Repair students an opportunity to continue their career education with less cost.

Process for Advanced Placement

- Each high school or vocational program must provide a copy of the detailed program curriculum to the UTI Admissions Representative who will in turn submit for review and approval.
- Technical Education students must attest to having completed the related Career Ed course(s) at their high school of graduation, or have proof of completion of the related Technical Ed course(s) at a CTE or Vocational Center, with an active Collision Repair Technical Education Agreement on file with Universal Technical Institute during the time of attendance at the qualifying school.
- Eligible Tech Ed students must begin their UTI Collision Repair Tech training program within the calendar year of, or one calendar year following, their date of high school graduation.
- Advanced Placement is offered only if the secondary school has an active ICAR membership therefore students completing collision programs where ASE certification or course review is the means of the Technical Education affiliation are eligible for the Technical Education Institutional Grant only, and are not eligible for Advanced Placement
- **Eligible Tech Ed Students must begin their UTI Collision Repair Tech program of study within the calendar year of, or one calendar year following, their date of high school graduation to receive this benefit.**
